

What's on the final?

1. The final is cumulative.
2. ~40-50% of the final is the new material we've covered since exam 3 (lectures 28-37)
3. ~ 50-60% material from the previous exams.
 - a. Use the previous exams as a study guide for what topics to focus on.
 - b. If I did not ask about it on one of those previous exams, it will not be on the final (except for new material, see point 1 above).
